BRIGHTON SPEED TRIALS MOTORCYCLE TIMES 9 SEPTEMBER 2006 - © VMCC SPRINT SECTION

DOUBLE SIX RUN OFF FOR THE MOTORCYCLES

Supplementary Regulation 17 - Double six run off

After the completion of the main event, a run off for the six bikes which have recorded the best times are given ONE further run. A single cash prize of £100 will be awarded on an index of performance basis to the competitor, in the run off, who achieves the best time relative to the better of the two times that was achieved in the class runs, the index for a competitors run off time will be calculated from the following formula: [Time in seconds for the best class run] / [Time in seconds for the Run Off run]. The highest figure for the index will decide the winner. The order of running will be based on times recorded in the class runs i.e. the fastest competitor starting last.
